

Kid Angles SICK POLICY

Child's Name: _____

When a child becomes ill at Kid Angles the following steps will be followed.

- The ill child will be separated from the other children and attempts will be made to comfort the child.
- The parents will be contacted to pick up the child.
- If the parents are unavailable, the emergency contacts will be notified.
- The child will be observed for other symptoms.
- If the child is severely ill, 911 will be called.
- If the parents and/or emergency contacts fail to pick up the child within one (1) hour it will be at the discretion of the program to call 911 and/or child protection.

As a condition of my Child's enrollment, I understand the STATE BOARD OF HEALTH legislation and Kid Angles' policy regarding children who are ill. A child with any of these symptoms must be picked up within one (1) hour after receiving the call:

Fever (100.8 or higher)

Vomiting

Diarrhea

Strep

Lice

Excessive and/or Prolonged Drainage from the nose

Rash

Suspected Pink-Eye

Eye Drainage

Suspected scabies

The sick child must be symptom free, without the use of over-the-counter fever reducing medicines, for 24 hours before returning to Kid Angles. If the child's pediatrician has a different recommendation, we must receive a written, dated, signed note informing us of the diagnosis and that the child is no longer contagious.
